

North

Please note that dimensions, floor plan, square footage, etc are approximate and may change house approaches completion.

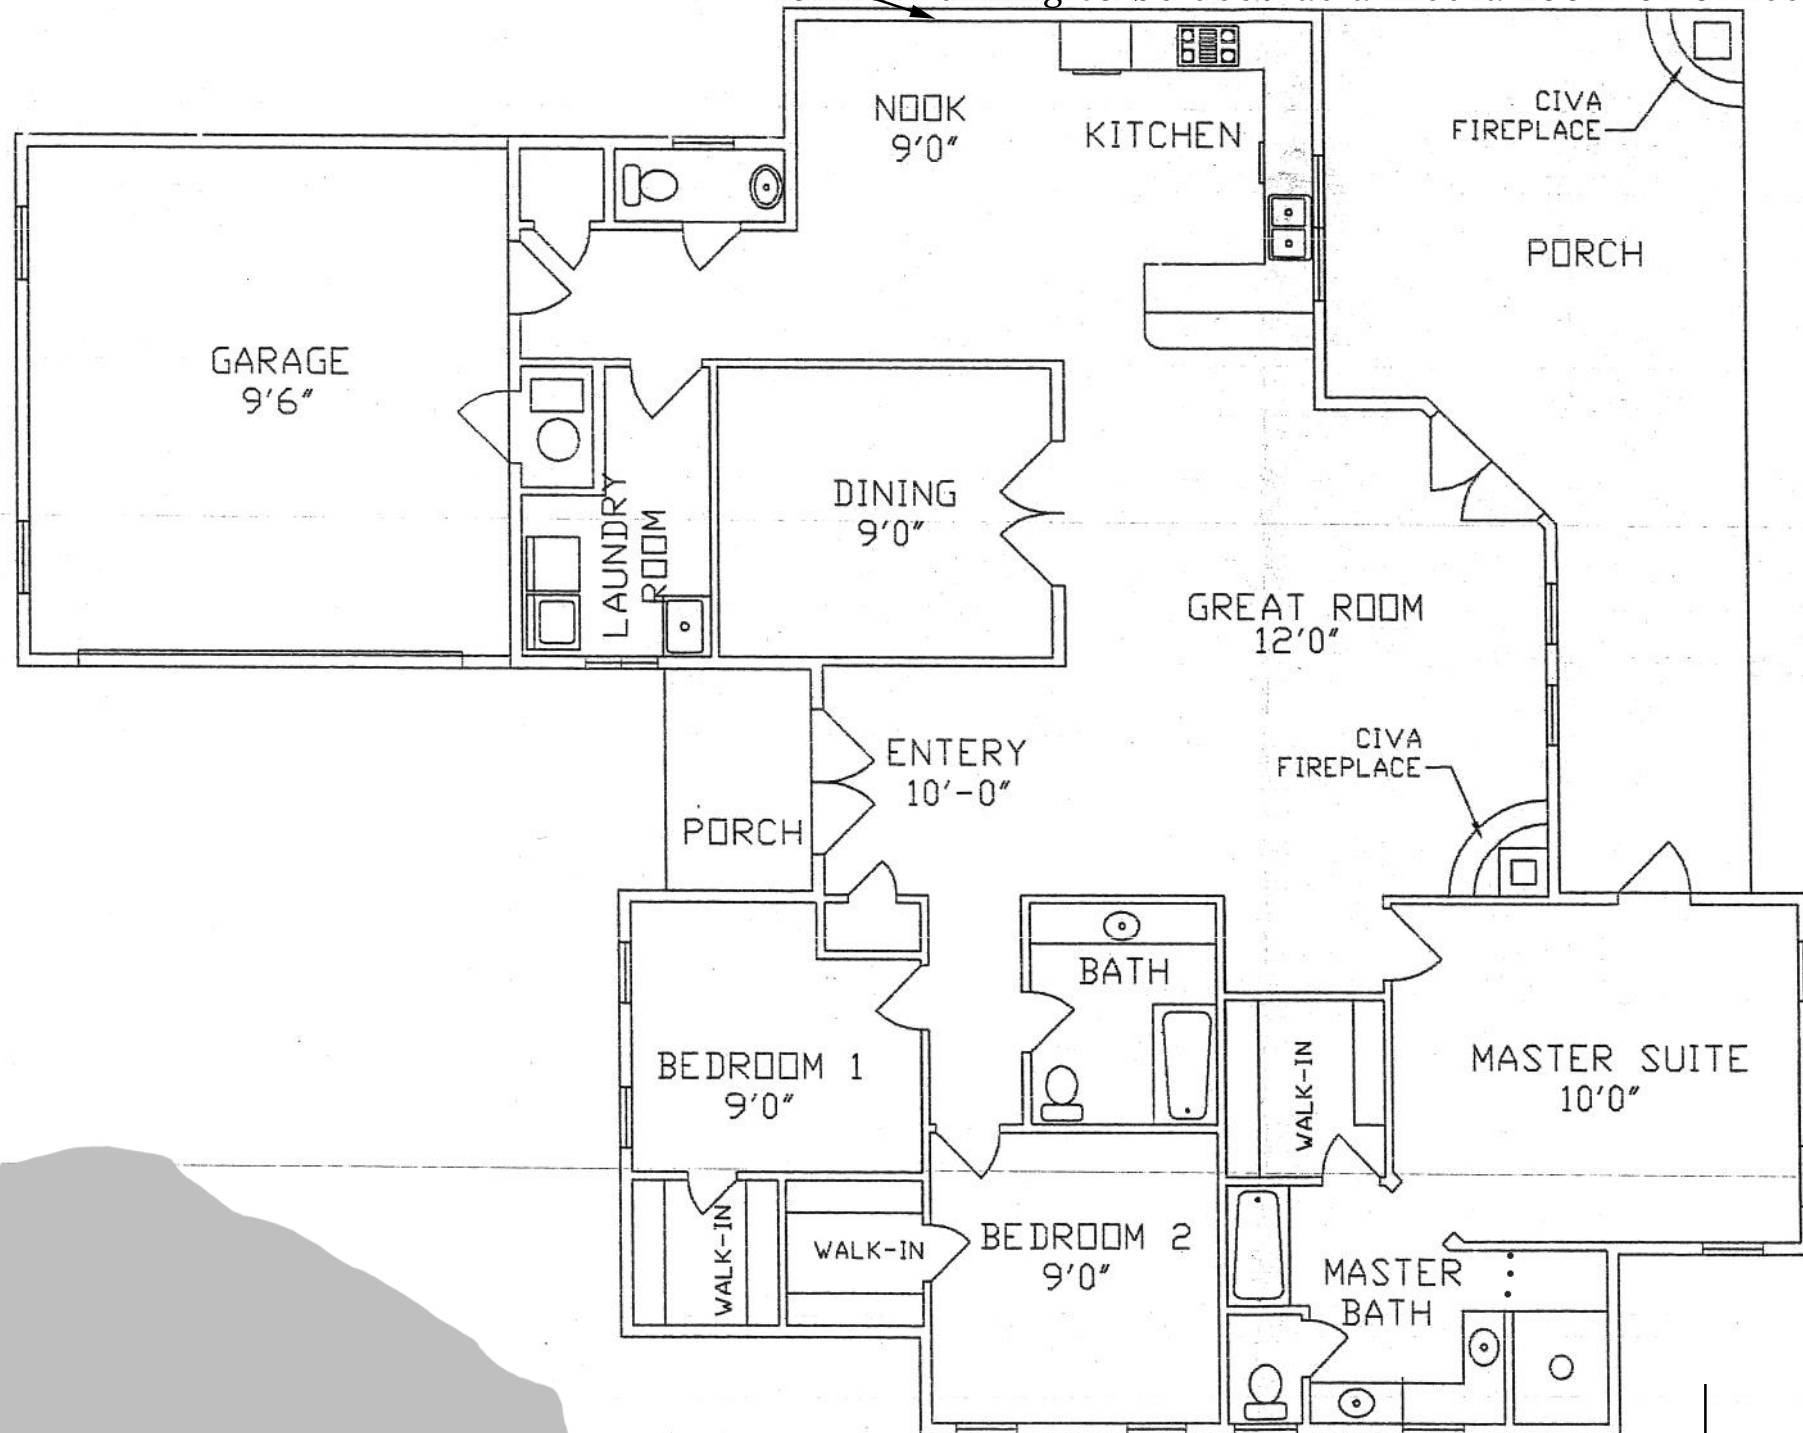

If a large window was added in nook north wall it would bring in light which would make this a nice dining area & allow the "formal" dining to be used as a media room or office.

neighbor patio & house

neighbor patio & house

Steep grade here

could be a nice patio area if patio doors from bedroom 2 & master were to be added
